2022 AUDIT REPORT AND PRESENTATION:

Sheanne Hediger, a Senior Manager with Bakertilly was present to provide a summary of the IFLS Library System 2022 Audit.

Hediger noted that they met with Adam Fuller, John Thompson, and staff in late April. They were responsive to questions about the process and very well prepared. The audit went smoothly.

IFLS was given an Unmodified opinion. This is the highest it can receive. The financial statements are presented fairly, in all material aspects, in accordance with account principals generally accepted in the U.S.

Management's responsibility is preparation and fair presentation of financial statements; design, implementation, and maintenance of internal controls; and evaluate conditions or events that raise substantial doubt about ability to continue as a going concern.

The auditors' responsibilities are to sample transactions, exercise professional judgement, gain an understanding of internal controls, evaluate appropriateness of accounting policies, and conclude whether there are conditions that raise substantial doubt.

Management's discussion and analysis is John Thompson and Adam Fuller's analysis of the financial condition and operating results of the system. Hediger encourages the Board to read this section.

Hediger reviewed the financial highlights from the 2022 Audit.

• Statement of net position and statement of activities (pages 58-59) list the assets, liabilities, and net position.

- General fund results (page 60) show the total fund balance, assigned fund balance, and the unassigned fund balance. The assigned and unassigned fund balance is 20% of 2022 expenditures (GFOA recommends minimum of 16%). The general fund excludes long term items. The net change in the fund balance was \$24,334 but budgeted for a loss of \$207,778. Revenues were under budget of \$227,511 while expenditures were also under budget by \$410,955. Lugar inquired why IFLS was budgeted for a loss. Thompson noted that IFLS has uncommitted carryover and dedicated reserves. If \$200,000 of money is unspent, it is budgeted for the next year. It is not new income.
- Note disclosure Cash and investments (page 71) show a total of \$2,222,717 increase of \$84,640 from 2021. No deposits were exposed to custodial credit risk as of 12/31/222.
- Note disclosure Long-term debt (page 74) shows a Net OPEB liability of \$164,172 (Local Retiree Life Insurance Fund) and compensated absences of \$119,916.
- Note disclosure Pensions (pages 74-79) show Net pension asset of \$365,365 as of 12/31/2022, compared to net pension asset of \$287,120 as of 12/31/2021.

Hediger reported on the Required Communication as part of the 2022 Audit. There was not much change, but a little. Internal control matters (page 26-27) reflect a significant deficiency-internal control environment (lack of segregation of duties) and material weakness-financial reporting. As was the case several years ago, there was a significant deficiency. It is very common to see this in organizations of this size. The IFLS Business Manager has access to everything. The auditors looked at mitigating controls including John Thompson's oversight and the IFLS Board careful review of financial statements. The only way to eliminate this would be to hire additional staff. There would definitely be a cost to that.

New this year is a material weakness – financial reporting. The auditors prepared the statements for this year. Details are provided in the letter. Hediger noted that IFLS had a gem with Juli Button.

Hediger noted that a majority of her clients have a significant deficiency in internal controls. Auditors are required to report this and make the governing bodies aware of the deficiency.

Other required audit communications on the 2022 audit include the responsibility of the auditor; significant risks of material misstatement and areas of audit emphasis; no changes in accounting policies in 2022; significant estimates included in financial statements – pension calculations, OPEB calculations and depreciable lives for capital assets; corrected and uncorrected misstatements; and no difficulties, disagreements or consultations occurred. Hediger noted that no audit entries were made for 2022. There were no corrected misstatements. A few DPI Grant funds did not come until March of 2023 and since it was beyond 60 days, it was listed as unavailable grant revenue.

Two-way communication regarding 2023 audit planning is included on pages 43-44.

Hediger provided the contact information for her at Bakertilly for board members who may have questions.

MOTION #20 (23): To approve the 2022 Audit Report (Doc. #019-23) and presentation. Eggert/Seidlitz

RESULT: Carried.

IFLS INVESTMENT REPORT AND REVIEW OF INVESTMENT POLICY:

MOTION #21 (23): To approve the IFLS Investment Policy (Doc. #020-23). Daus/Achterhof

RESULT: Carried.

Tripp inquired if there were other considerations the Board should think about such as investing locally. Thompson noted that there are limitations to protect the principal and liquidity maintained to meet disbursements. Funds are kept in the Pooled Investment Fund (PIF) and a local bank. The interest at the local bank meets or exceeds the PIF.

IFLS STAFF REPORTS:

Leah Langby was present to provide an in-depth staff report. Langby is the Library Development and Youth Services Coordinator. Langby wears lots of hats but plans to talk about Inclusive Services today. Inclusive Services provides equitable access to library resources and spaces that are welcoming and access free.

The State is providing consulting and funding for statewide projects. Every library system has someone designated as an Exclusive Services Consultant. IFLS provides consulting, continuing education, resources, and special projects. IFLS has coordinated accessibility audits for ADA compliance which provides insight down to what the local library is able to do for access.

The Department of Public Instruction (DPI) in conjunction with library workers created a tool in 2019 as a follow-up to their Inclusive Services Statement. It is not meant as a rulebook, but rather a self-reflection tool. Not every library has the resources to do all the things or does it make sense to do them all. It is a handy and useful tool that can be used continually and taken in pieces. Langby noted that there are some federal grants for libraries, but they cannot be used for construction.

Lugar noted that there has been a huge pushback for what is on the library shelves and inquired if this tool is helpful for that. Langby noted that the most useful tool is a really solid collection development policy for the library. Thompson added that collection development policies and statements that the collection is not restricted or censored are key. Ultimately, the local library board creates the policy. Thompson noted that the nature of developing a diverse collection is that not everyone agrees with it. Langby stated that collections can be contentious, and libraries are working hard on this. School and public librarians in some communities are targets of overt hostility from community members. IFLS tries to keep these principles in mind with continuing education and consulting. IFLS tries to balance encouraging action of member libraries and responding to needs. Achterhof noted that libraries immensely appreciate IFLS delving into Intellectual Freedom.

DIRECTOR'S REPORT:

Through a contract with WiLS, they were retained to lead an internal strategic planning meeting with IFLS staff. Strategic priorities were identified, and skills balanced out. This will assist with

direction going forward for 2023-2026. WiLS staff will be back in the early fall to wrap up the strategic planning.

IFLS is looking at strengthening what we do. Libraries value the services and consultation we provide. IFLS wants to continue to meet their needs and identify things that might be bigger priorities. One goal is to help member library board members understand Intellectual Freedom and inclusive services.

Daus noted that news Thompson shared with the Board notes that he is the longest serving system director in the state. Thompson noted that system directors have started meeting regularly since COVID.

(Seidlitz left at 2:28 pm.)

Thompson noted that the backgrounds of public library directors are much more diverse, and they serve shorter tenures now. A lot of education and training are offered to support libraries.

REPORT FROM IFLS PERSONNEL COMMITTEE:

Jan Daus was elected chair of the IFLS Personnel Committee for 2023.

The Personnel Committee is planning to send out John Thompson's Director Evaluation survey. Survey Monkey will be sent to the 53-member public libraries. An email will be sent to the IFLS Board and IFLS staff asking if they have anything to share as part of the Director Evaluation.

The Survey and Emails will be sent in June and due by the end of that month. The results of Survey Monkey will be tabulated and shared with the Personnel Committee. John Thompson will provide his Director Accountabilities in July as part of the evaluation process.

MOTION #22 (23): To approve the IFLS Personnel Committee recommendations on the

Director Evaluation Survey and Timeline. Larson/Pavelski

RESULT: Carried.

BOARD MEMBER REPORTS:

Brue noted she is doing radiation and her sister is taking good care of her.

Daus inquired when the Explore MORE Passport Program will conclude. It was noted it will run through July 15, 2023.

Achterhof noted that she saw the Baldwin book bike. It is bigger and heavier than she thought. It holds a lot of books.

Achterhof mentioned the Dolly Parton books where kids can receive sixty new books. She inquired if that may be something to mention to libraries and communities that might want to help participate. Langby noted that postage is expensive, and a lot of these kids move a lot and have a chaotic life. There may be other avenues that might be more effective.

ADJOURNMENT:

Board members interested in a tour of the L.E. Phillips Memorial Public Library should stay following adjournment. Director, Nancy Kerr, will be providing the tour.				
Brue made a motion to adjourn at 2:43 pm. Lugar seconded. Motion carried.				
Joanne Gardner, Recorder/Administrative Associate

Tripp stated that the IFLS Board of Trustees is fortunate in the staff in general and there have been no personnel issues to deal with. A director evaluation process should address concerns no matter how well or roughly the organization is running.

Director's Report

Monthly Activities

New Buildings

Both Cadott and Stanley held community listening sessions for their building projects. Based on community feedback Cadott will be exploring several other potential options. Boyceville is in the preliminary stages of working with an architect on some preliminary designs.

New Director

Met with Nick Andrews, new director in Elmwood.

State Budget

The recently signed budget includes an increase in library system funding. IFLS will be receiving roughly \$150,000 more in funding for 2024. We will bring the budget recommendations to the board in September. We will be evaluating staffing needs including potential collaborations with other systems, wages, and other potential enhancements to existing services.

Consulting

Planning, budgeting, space assessments and building projects, personnel.

Agenda Items

XI. * Personnel Committee Report

The committee will be meeting in the morning prior to the meeting and will be bringing recommendations to the full board in the afternoon.

- Director Accountabilities
- System Director Evaluation**
- Wage Adjustments for Recent Hires**

XIII. * MORE Start-Up Fee Hawkins

The original MORE start-up fee formula included a factor for the number of public computers available in the library. Hawkins has significantly more public computers than any library of their size and more than many of the larger libraries. This factor significantly skews their fee. We are requesting that their start-up fee be adjusted to better reflect a library of their size. Based on the fee charged to Cornell we are recommending a start-up fee of \$18,000 for Hawkins. This fee will be covered by an LSTA that will be awarded to IFLS.

Public Services Consultant Report

Katelyn Noack

I. Consulting

Assisted John in facilitating five focus groups in Amery, gathering feedback for their strategic plan. We developed themes and goals from this data and recently finalized those priorities at Amery with their director and a board member.

Responsibility for viewing library board agendas and minutes monthly for compliance checks has been switched to me to alleviate some of John's inbox. I have received some from July and expect most libraries to begin sending this information in August.

John conducted a staffing/wage study for Somerset to give options for achieving their staffing goals; I went with to learn more about this process.

II. New Directors

The New Director Cohort met again in July and discussed annual/staff reviews. The newest directors from Cornell and Elmwood were able to join us. Our next meeting will be in August and the anticipated topic is general finances including budgets, grants, and donations.

III. Collaborations/Adult Services

Redid/Updated the Adult Services page on our website, added new resources and altered the formatting. Reb helped make the final layout perfect! Also overhauled the Job Resources page and updated the Home Delivery page.

Some libraries have had intellectual freedom concerns lately and I worked with Cecelia and Leah to offer advice and guidance regarding various concerns.

IV. Committee Meetings

Library Workforce Connection

Wisconsin Public Library Consortium Board Meeting

WPLC Technology Backup Steering Committee Meeting

New Director Cohort

MORE Directors Council / Budget Hearing

V. Delivery

Delivery statistics are holding strong with an average of 98% of materials in-transit for less than one week. We have seen a decrease in reported mistakes and missed stops; service has been going well overall.

VI. Other Tidbits

Every Library Institute has been putting on two webinars per week about intellectual freedom that I have been attending.

Continuing to collect policy samples and add them to a policy compendium page on the IFLS website. This page is not yet "Live".

July 2023 – IFLS Board of Trustees

New and prospective MORE Member Libraries

Cornell Public Library is live on MORE as of July 5. Thank you to MORE Project Managers Kathy Setter and Bridget Krejci, and Deer Park Director Barbara Krueger for their help in adding Cornell's items to the shared MORE database, and getting Cornell staff acquainted with MORE. Welcome, Cornell Public Library!

Earlier this year, Hawkins Area Library in Rusk County expressed interest in joining MORE, and Library Services and Technology Act (LSTA) grant funding has been approved. We'll plan for Hawkins to go live on MORE as early as July 2024.

This is a milestone for MORE! Hawkins Area Library is the last IFLS-member public library to join MORE, 25 years after the consortium was formed.

MORE Bylaws Review

At their May meeting, MORE Executive Committee made recommended amendments to the MORE Bylaws, Appendix C of the MORE Participation Agreement, and directors receive those recommended amendments on May 5. Directors will review the amendments and vote to approve as early as the next MORE Directors Council meeting on July 21. The amendments will then come to the IFLS board for approval.

2024 MORE Budget planning

The 2024 MORE budget process is underway. The May Directors Council meeting included a preview of the 2024 MORE budget, and a budget hearing followed in June—an opportunity for library directors and staff to weigh in on next year's MORE budget. MORE Directors Council will finalize and approve the budget at their July 21 meeting.

Find current and previous budgets on the MORE budgets page.

Multi-account option added to MORE Libraries app next week

On July 25, app users will have the option to view and use additional library accounts in their MORE Libraries app. Much like MORE's existing Library Elf notification service:

- Patrons—not staff—can configure their app to access multiple accounts
- Patrons can add accounts by entering a library card number (either by typing the number or scanning a barcode) and valid PIN
- Access to multiple accounts is interrupted with a barcode or PIN change, by uninstalling the app, or clearing the phone's cache, storage, or data

Resource Sharing and Collection Consultant's Report

Cecelia Cole, July 2023 - IFLS Board of Trustees

Project Highlights:

- Cornell PL WISCAT/ILL (New MORE Library Membership): Katie Shay and I visited Cornell Public
 Library in June to meet with their new director, Denise, and library assistant, Londa, prior to their
 joining MORE in July. At the meeting, we reviewed workflows for WISCAT and interlibrary loan to
 ensure they are ready for IFLS to begin handling their ILL lending. IFLS will continue to monitor
 Cornell's WISCAT account and update settings as needed until all currently active lending requests
 are finished and the transition is complete.
- Intellectual Freedom Working Group: The working group continues to meet regularly and has recently discussed ways to strengthen community outreach to counter potential challenges. The group expressed interest in developing marketing materials on intellectual freedom that might include talking points for the community and how libraries protect the right to read. We are currently working with Reb Kilde on a bookmark design to bring forth to the next meeting, and other materials/designs may follow.
- Intellectual Freedom Resource Updates: The IFLS Materials Challenges and Intellectual Freedom page has been updated with a new section on Program and Display Challenges. Resources include a Programming and Displays Policy Example, as well as a program challenges checklist created by Kristina Gomez, Community Engagement Librarian at Madison Public Library.

IT Director Report

IFLS Board of Trustees, July 2023 Kris Schwartz, IT Director

NWLS Network Migrations to the Data Center and IFLS IP change

For the past few years Northern Waters Library System (NWLS) has been in the process of onboarding their libraries into the Lean Wisconsin network. The library migrations to the Badgernet Headend at the CVTC data center are complete and we are currently working on migrating the NWLS Wide Area Network (WAN) over to the data center. This is a big move and requires a lot of planning and coordination between NWLS, IFLS, and Wiscnet. During the investigation with Wiscnet on the NWLS WAN migration it was also discovered that when IFLS was first moved to the data center we had been provided with an internal device interface IP address from Wiscnet by that we have been using as our WAN IP by mistake. I am working with Wiscnet to solve this issue in unison with the NWLS migration as IFLS will need to be re-assigned a WAN IP address in order for the NWLS migration to take place. The WAN IP address is the core access point for all the libraries in 2 of 3 partner systems in Lean Wisconsin to the public internet and changing the WAN IP is no small task. We have several IFLS libraries that are not using Badgernet and use Internet Protocol Security (IPSEC) tunnel connections through their local telco with our core router at the data center to be able to access Sierra, Pharos, and many of our Active Directory services. IPSEC requires a direct mapping to a public WAN IP which is currently mapped to the WAN IP that Wiscnet originally assigned us from the libraries using IPSEC tunnels. Wiscnet has assigned us a new subnet to use for our WAN IP. I have completed the IPSEC migrations, and we are in the process of updating the network to the new public IP address. Changing our public IP is an involved process. IFLS uses IP authentication to a number of the databases we provide the libraries access to. That means we have to register our IP address with these database vendors to allow patrons to access the databases from within the library without a separate account. 2 of the 3 major IP changes have been implemented. The final change will happen in the next few weeks and will make the final move to the new interface IP and full migration of NWLS to the data center.

BOARD REPORT FOR OUTREACH AND ADVOCACY

JULY 2023 IFLS BOARD OF TRUSTEES MEETING

FROM REBECCA KILDE

Action Items for IFLS Trustees

There are two action items I'd like to call to the attention of the board this month.

- 1. Please visit the Wisconsin Trustee Training Week website. (wistrusteetraining.com)
 - a. Sign up for one or more of these high-quality webinars by nationally-respected presenters.
 - b. Encourage the trustees at your local library to do the same.
- 2. If you haven't already, please send a thank-you note to your state elected officials and Gov. Evers to thank them for supporting libraries. I've copied information from this <u>Wisconsin Library</u>

 <u>Association page</u>. (https://www.wisconsinlibraries.org/state-biennial-budget-process-2023-2025).

 John can answer any questions you might have.

SUCCESS!

On June 13, the JFC voted approval of the state library aid package supported by WLA (as detailed in the documents linked above) which was folded into an omnibus education motion with other items from the Department of Public Instruction budget request, elements negotiated separately between Governor Evers and legislative leaders, and changes made to the Governor's budget by the Joint Finance Committee.

At the end of JFC deliberations, their version of the 2023-2025 budget was sent to the full legislature for floor votes in each house. No changes were made to the state library aid package during those deliberations. On June 30, the budget bill was sent to the desk of Governor Evers who completed his veto review, released his changes in a Governor's Veto Message and signed the budget bill into law as 2023 Wisconsin Act 19 on July 5, 2023.

Thank you to everyone who contributed to the successful realization of Wisconsin Library Association objectives during the 2023-2025 Wisconsin State Budget process!

End of the Passport Program

The Passport program wrapped up on July 15 for the public. IFLS-area library staff can continue getting passport stamps until September 1. I'll have detailed data for you at the next board meeting. In the meantime, here's an email I got from a library worker:

I am a library assistant at the Thomas St Angelo Library in Cumberland.

I love the Explore MORE Passport program! I haven't taken part, however, as summer is quite busy....but I'd like to complete visiting all the MORE libraries someday.

I would like to pass on to you what a few patrons expressed to me about the program. They are enjoying it very much and some are making it into an exploration with their children.

However, patrons have told me that they would like the program to go through the whole summer, possibly until Labor Day. They feel that ending it on July 15 isn't enough time.

I personally agree- August is a "slower" month; much of the gardening and lawn work is easier, kids may be getting bored, etc. There would be more time to explore!

If you continue the program in 2024, perhaps extending it might be a consideration.
