Sierra issues

“-“ in titles i.e. Hawaii Five-0 follow-up

“-“ found in the title of records is causing an issue in Encore so that these items cannot be found. **Lori will be asked to investigate this to see if this is an issue that can be fixed.** In the meantime the committee is recommending that a 246 field be added to the record without the “-“ in the title (i.e. Hawaii 5-0 will be Hawaii 5 0)

MARC tags
