MORE Resource Sharing/Collection Development Committee

December 8, 2022

6. Flipster subscriptions for 2023

For 2023, MORE has \$9,000 budgeted for electronic magazines, which covers MORE's Flipster subscription. Patrons also have access to OverDrive magazines via Wisconsin's Digital Library, covered by the "WPLC E-Content Buying Pool" MORE budget line.

The cost to renew all current Flipster subscriptions for 2023 would be \$7,000.23. One current subscription, Entertainment Weekly, is not eligible for renewal. MORE RSCD Committee should specify renewals and new Flipster subscriptions for 2023, if any.

There isn't a good way to show all titles available from Flipster and their pricing.

The "Electronic Magazine use" document shows Flipster and OverDrive magazine titles along with checkouts from January through October 2022 and availability. Note:

- "Available from Flipster" data is not complete. Y/N is only included for the most popular titles and prior subscriptions. Other Flipster title info can be found as requested (ahead of or at the meeting).
- OverDrive use is not complete. Those titles without Flipster history and with fewer than 25 checkouts for 2022 Jan.-Oct. are not included (1,500+ titles!)
