

MORE Administrator's Report

January 2020 – MORE Directors Council

New MORE Online Catalog (BiblioCore) Implementation

MORE's BiblioCore implementation is on track to launch fully the week of February 10. We're now in the public preview period, allowing users to try the new catalog while keeping our current main catalog interface in place. Please keep an eye on the TWAM (This Week at MORE) newsletter for updates as we go, including common questions and comments.

2020 Directors Council Meeting Venue

The 2020 MORE budget includes funds for holding Directors Council meetings offsite, as the IFLS meeting room doesn't comfortably accommodate the group, parking is often very tight, and it can be difficult to hear all meeting participants. We will be able to hold all remaining 2020 meetings at Chippewa Valley Technical College's Energy Education Center, 4000 Campus Rd, Eau Claire.

2020 Innovative Users Group (IUG) Conference in Minneapolis

This year's IUG Conference will be held April 16-18 in Minneapolis. Per [their website](#), IUG is "an international organization of member libraries who use the Innovative Interfaces, Inc. integrated library software," including Sierra and Decision Center.

As in prior years, the MORE budget includes funds for sending IFLS staff and MORE-member library staff to the conference. See an email sent this week for information on applying to attend this year's conference. All staff and directors are eligible to apply, with the expectation that attendees share what they learn with other MORE-member staff and directors.
