

MORE Administrator's Report

May 2021 – MORE Directors Council

New MORE-member libraries

LSTA grant funds were awarded earlier this year for Fairchild Public Library and Durand Community Library to join MORE. Fairchild Public Library is already a MORE member currently in preparation to “go live” on MORE on July 6.

Durand Community Library's board voted in December to join MORE contingent on receiving grant funds for startup. Now that grant funds have been awarded, MORE Directors Council will need to approve the timeline for the library to join before the library can complete the MORE Participation Agreement. Durand's tentative “go live” date is January 1, 2022.

MORE Project Manager Kathy Setter has taken the lead on getting both new MORE member libraries up and running, with help from MORE Project Manager Bridget Krejci and Deer Park Public Library Director Barbara Krueger. Kudos to all!

Other MORE Activities

- Aside from her work with MORE's two newest member libraries, MORE Project Manager Kathy Setter has once again coordinated group supply orders that save member libraries time and money
- IFLS IT Director Kris Schwartz has completed an update to our telephone notification service, and will be involved with an anticipated update to our Sierra servers later this year
