SEARCH

Two ways to find materials from all MORE libraries!

Use the **MORE Online Catalog**
more.lib.wi.us

Use the **MORE Libraries App**

Enter a title, author, or topic in the search box.

REQUEST

Once you've found an item you'd like to check out, you can request it and it'll be put on hold for you.

1. Click the **Place a Hold** button next to the item in your search.
2. Select the most convenient library for pick-up.
3. Wait for notification that your item is ready for you to pick up and enjoy.

MANAGE

Log in to **My MORE** by using your:

- library card number or user name
- four-digit PIN

See your current check-outs, titles you have on hold, and other information about your library account.

You may **renew** your materials up to two times unless there are holds. You can also call **1-866-MYRENEW** to renew items.

If you would like to request an item but wait to receive it, you can **pause** your hold. You will keep your place in line, but the item will not be sent to you until you remove the pause.

Use the **Shelves** feature to save items for future reference. You can access Shelves through your account.

When you choose to enable your **Reading History**, a list of items you check out will be stored in your account.

Use MasterCard, Visa or Discover to pay fines. Log in to your account, view your fines, and **Pay Online**.
